

RULE 7070 PERCHLOROETHYLENE FROM DRY CLEANING OPERATIONS (Adopted June 15, 1995; Amended May 15, 2008)

1.0 Purpose

This rule incorporates the Airborne Toxic Control Measure (ATCM) for Emissions of Perchloroethylene from Dry Cleaning and Water-Repelling Operations from the California Code of Regulations (CCR) Sections 93109 through 93109.2, in effect on December 27, 2007.

2.0 Applicability

This rule applies to any person who sells or distributes perchloroethylene to dry cleaners in the District or who sells, distributes, installs, owns, or operates dry cleaning equipment in the District that uses solvents that contain perchloroethylene.

3.0 Definitions

3.1 APCO: as defined in Rule 1020 (Definitions).

3.2 District: as defined in Rule 1020 (Definitions).

4.0 Requirements

4.1 Operators subject to this rule shall comply with all applicable provisions of the ATCM for Emissions of Perchloroethylene from Dry Cleaning and Water-Repelling Operations contained in CCR Sections 93109 through 93109.2, in effect on December 27, 2007.

5.0 Administrative Requirements

5.1 Compliance Plan.

5.1.1 By January 1, 2009, facility operators shall submit a compliance plan to the District Air Pollution Control Officer (APCO). The compliance plan shall include the following information:

5.1.1.1 The name, address, and contact information of the operator submitting the plan;

5.1.1.2 A list of existing equipment subject to this rule, including the make, model and serial number of each piece of equipment;

5.1.1.3 The date on which any of the existing equipment must be replaced;

- 5.1.1.4 The type of equipment that will replace the existing units;
- 5.1.1.5 Any other information necessary to demonstrate compliance with the applicable provisions of the ATCM.

5.2 Application for an Authority to Construct.

All existing facilities that will comply with the requirements in CCR Section 93109 by replacing their perchloroethylene equipment with non-perchloroethylene equipment shall submit an application for an Authority to Construct for the new equipment at least six months in advance of the applicable compliance date.

5.3 Reporting and Recordkeeping

All reports identified in CCR Section 93109 shall be submitted to the APCO by the applicable reporting deadline.
