

CERTIFICATE OF DESTRUCTION FORM

The SJVAPCD approved dismantling facility must destroy the equipment and its engine according to the terms and conditions specified in its agreement with the SJVAPCD. The destruction of the equipment and its engine must be within 30 days from the date the dismantling facility receives both parts. **This form must be submitted to the SJVAPCD no later than 10 days from the date the dismantler receives the equipment and its engine.**

Once the Certificate of Destruction Form is received by SJVAPCD staff, a monitoring site visit will be scheduled by a SJVAPCD inspector to visually verify the proper destruction of the equipment and engine. The SJVAPCD inspector will also take digital photographs of the equipment and its engine, and verify the identification/serial numbers of both parts.

Personnel from the dismantling facility must complete this Certificate of Destruction Form and email / fax the Form to the following:
