

**NOTICE OF PRELIMINARY DECISION
FOR THE ISSUANCE OF AUTHORITY TO CONSTRUCT AND
THE PROPOSED SIGNIFICANT MODIFICATION OF FEDERALLY
MANDATED OPERATING PERMIT**

NOTICE IS HEREBY GIVEN that the San Joaquin Valley Air Pollution Control District solicits public comment on the proposed significant modification of Vie-Del Winery #1 at 11903 S Chestnut Ave, Fresno, California. Vie-Del Winery #1 has requested an Authority to Construct (ATC) permit to install a new 72.0 MMBtu/hr Rentech model 60k/hr D-Tube natural-gas fired boiler and tune the Haldor Topsoe DNX-929 SCR system to lower NOx emissions to 2.5 ppmvd at 3% O₂. The proposed boiler will replace the existing 72.0 MMBtu/hr Babcock & Wilcox model FM-1936 boiler under unit C-1344-2.

The District's analysis of the legal and factual basis for this proposed action, project # C-1231559, is available for public inspection at http://www.valleyair.org/notices/public_notices_idx.htm and at any District office. There are no emission increases associated with this proposed action. This will be the public's only opportunity to comment on the specific conditions of the modification. If requested, the District will hold a public hearing regarding issuance of this modification. For additional information, please contact the District at (209) 557-6400. Written comments on this project must be sent or postmarked by September 1, 2023 to publicnotices@valleyair.org or **BRIAN CLEMENTS, DIRECTOR OF PERMIT SERVICES, SAN JOAQUIN VALLEY AIR POLLUTION CONTROL DISTRICT, 4800 ENTERPRISE WAY, MODESTO, CA 95356.**
