

**San Joaquin Valley Air Pollution Control District  
Electric Vehicle Infrastructure Program (EVITP) Certification Form**

Project Number: \_\_\_\_\_

Applicant Name: \_\_\_\_\_

Site Address: \_\_\_\_\_

Total Number of electric vehicle charging stations to be installed: \_\_\_\_\_

<b>Make (EV Charging Station)</b>	<b>Model (EV Charging Station)</b>	<b>kW Maximum Output</b>	<b>Quantity of Chargers in this Configuration</b>

California Public Utilities Code 740.20 states that: 1) all electric vehicle charging infrastructure and equipment shall be installed by a contractor with the appropriate license classification, as determined by the Contractors' State License Board, and at least one electrician of each crew, at any given time, who holds an Electric Vehicle Infrastructure Training Program (EVITP) certification, and 2) projects that install a charging port supplying 25 kilowatts or more to a vehicle have at least 25 percent of the total electricians working on the crew for the project, at any given time, who hold EVITP certification. One member of each crew may be both the contractor and an EVITP certified electrician.

The requirements stated above do not apply to any of the following:

- 1) Electric vehicle charging infrastructure installed by employees of an electrical corporation or local publicly owned electric utility.
- 2) Electric vehicle charging infrastructure funded by moneys derived from credits generated from the Low Carbon Fuel Standard Program (Subarticle 7 (commencing with Section 95480) of Article 4 of Subchapter 10 of Chapter 1 of Division 3 of Title 17 of the California Code of Regulations).
- 3) Single-family home residential electric vehicle chargers that can use an existing 208/240-volt outlet.

**NOTE:** If there's a change in contractor at any time during this project, the Applicant must update this form and notify the District immediately.

**Prior to performing any electrical vehicle infrastructure or equipment installation work funded or authorized by the project identified above,** applicant must check one of the following boxes and complete the required information, as applicable. Please submit the completed EVITP Certification Form to the San Joaquin Valley Air Pollution Control District via one of the following methods:

**Email:** [grants@valleyair.org](mailto:grants@valleyair.org)

**Mail:** SJVAPCD Grants & Incentives, 1990 E. Gettysburg Ave., Fresno, CA 93726

California Public Utilities Code 740.20 requirements do not apply to the project identified above.

Describe why the requirements do not apply to the project.
