

RULE 2080 CONDITIONAL APPROVAL (Adopted May 21, 1992, Amended December 17, 1992)

1.0 Purpose

The purpose of this rule is to grant authority to the APCO to issue or revise specific written conditions on an Authority to Construct or a Permit to Operate to assure compliance with air contaminant emission standards or limitations.

2.0 Applicability

The provisions of this rule shall apply to any source operation which emits or may emit air contaminants and is required to obtain a permit according to Rule 2010 (Permits Required).

3.0 Requirements

The APCO may issue an Authority to Construct or a Permit to Operate subject to conditions to ensure the compliance of the operation of any source operation with the standards of Rule 2070 (Standards for Granting Applications), in which case the conditions shall be specified in writing. Commencing work under such an Authority to Construct or commencing operation under such a Permit to Operate shall be deemed acceptance of all the conditions so specified. The APCO shall issue an Authority to Construct or a Permit to Operate with revised conditions upon receipt of a new application, if the applicant demonstrates that the source operation can operate within the standards of Rule 2070 (Standards for Granting Applications) under the revised conditions.
