Petitioner: John Roach, Nico Martinez

Chris Kalashian presented the staff report.

GUARDIAN has requested a short variance from the applicable requirements of District Rules 2010, 2070, 2201, 2520, 4101, 4354, and CH&SC § 41701 in addition to the applicable conditions of the subject permits. The requested short variance will be for a consecutive 12-hour period to occur sometime between November 15, 2023, and December 15, 2023, inclusive. If granted, the variance will allow the continued operation of the glass melting furnace, and continued glass production with excess visible emissions, while GUARDIAN shuts down the emission control system in order to perform routine maintenance on the EP.

Mr. Roach and Mr. Martinez requested a change that the variance to be effective for 75.2 hours period between the dates of December 1, 2023 through December 31, 2023 in to complete the maintenance.

Mr. Mulligan asked if this was a routine maintenance project. Mr. Roach responded, it is routine but larger in scope.
