

Form A1

APPLICANT INFORMATION

Please fill out this form completely and as accurately possible. All fields are required unless otherwise noted. Please contact District staff if you have questions regarding this form.

Section 1 – Applicant Information

Business Name (as it appears on Form W-9):		
Physical Address:		
City:	State:	Zip code:
Mailing address, <u>if</u> different from above:		
City:	State:	Zip code:
Primary Contact Information		
First name:	Last name:	Title:
Phone number:	E-mail:	
Signing Authority Information		
First name:	Last name:	Title:
Phone number:	E-mail (required):	

Section 2 – Disclosures

Has your organization previously participated in <i>any</i> of the Valley Air District's grant programs? <input type="checkbox"/> No <input type="checkbox"/> Yes
Have you applied for or received funding from another program or agency for the purchase and/or installation of the charging/fueling equipment you are including in this application? <input type="checkbox"/> No <input type="checkbox"/> Yes. Please identify the program and funding amount:

CERTIFICATIONS

- I will disclose the value of any existing financial incentive that directly reduces the project cost, including tax credits or deductions, grants, or other public financial assistance for the same fuel station, and will disclose any other source(s) of funding that has been applied for that is used for the same project, including the source of funds, amount, and the purpose for funding; I have verified any match funds meet the requirements of the Moyer Guidelines.
- I have reviewed the information provided in this application and all supporting documentation to be true and correct, and meet the minimum guideline requirements of the Clean Vehicle Fueling Infrastructure Program;
- I have read and agree to follow all requirements of the Clean Vehicle Fueling Infrastructure Program Guidelines;
- Neither the applicant, owner nor equipment identified in the equipment project application has any outstanding violations or non-compliance with San Joaquin Valley Air Pollution Control District regulations. If violations or non-compliance is found this application may be ineligible;
- Any additional non-Program funding needed to complete the equipment project according to the proposed timeframe is reasonably available;
- New equipment must **not** be purchased, received, installed, paid for, or placed into operation prior to contract execution unless specified by the Program Guidelines, and if allowed, equipment owner shall assume all financial risk if equipment is ordered prior to contract execution, and is in no way assured program funds;
- New equipment purchased outside of California may be subject to California sales and/or use tax;
- **Check those that apply:**
 - This project will comply with all AB 841 (2020) requirements and as described in Sections V.F, G, and H of the Clean Vehicle Fueling Infrastructure Program Guidelines. Prior to performing any electrical vehicle infrastructure or equipment installation work funded or authorized under my Grant Agreement, I will provide the San Joaquin Valley Air Pollution Control District with the Electric Vehicle Infrastructure Training Program (EVITP) Certification Numbers of each EVITP certified electrician that will install electric vehicle charging infrastructure or equipment.
 - AB 841 requirements do not apply to this project, as described below (please check those that apply):
 - Electric vehicle charging infrastructure installed by employees of an electrical corporation or local publicly owned electric utility.
 - Electric vehicle charging infrastructure funded by moneys derived from credits generated from the Low Carbon Fuel Standard Program (Subarticle 7 (commencing with Section 95480) of Article 4 of Subchapter 10 of Chapter 1 of Division 3 of Title 17 of the California Code of Regulations).
 - Other, please explain:
- I understand that submittal of an application for Clean Vehicle Fueling Infrastructure Program funding does not guarantee funding.

Agreement Signing Authority

Date

ATTACHMENTS CHECKLIST

Attach the following to complete your application:

- Completed Application **forms A-1 and A-2** including route map.
- Certifications page** with signature by Agreement Signing Authority (Contract).
- Completed first page of **IRS Form W-9**.
- Electric Vehicle Infrastructure Training Program (EVITP) Certification Form**
- Design documents** for the new equipment.
- Dated and itemized dealer quote** for the new equipment and installation.
- Disclosure of Funds Form.
- Documentation demonstrating that applicant can obtain all **required land use permits** from agencies needed to install and operate the station.
- Documentation that **power is being provided to the site** (e.g. application, payment to the local utility company for power installation, or contract).
- Documentation demonstrating **ownership of land on which the project will be located**, or control it through a long term lease, easement or other legal arrangement, for the duration of the project life. For a project where the land is not owned by the applicant, an executed lease agreement or letters of commitment lasting for the duration of the project life must be signed by property owners/authorized representatives.
- Resolution authorizing project implementation and designating a signing authority for the project from the governing body, or other documentation signed by a duly authorized official with authority to make financial decisions (Government agencies only).

PLEASE SUBMIT ALL COMPLETED APPLICATION PACKETS BY EMAIL or MAIL:

(Please choose one method of application submittal to avoid duplicate submittals)

Email: grants@valleyair.org (Preferred)

Mail: SJVAPCD Grants & Incentives, 1990 E. Gettysburg Ave, Fresno, CA 93726

(Subject line must indicate Clean Vehicle Fueling Infrastructure Program & business name)

**San Joaquin Valley Air Pollution Control District
Electric Vehicle Infrastructure Program (EVITP) Certification Form**

Project Number: _____

Applicant Name: _____

Site Address: _____

Total Number of electric vehicle charging stations to be installed: _____

Make (EV Charging Station)	Model (EV Charging Station)	kW Maximum Output	Quantity of Chargers in this Configuration

California Public Utilities Code 740.20 states that: 1) all electric vehicle charging infrastructure and equipment shall be installed by a contractor with the appropriate license classification, as determined by the Contractors' State License Board, and at least one electrician of each crew, at any given time, who holds an Electric Vehicle Infrastructure Training Program (EVITP) certification, and 2) projects that install a charging port supplying 25 kilowatts or more to a vehicle have at least 25 percent of the total electricians working on the crew for the project, at any given time, who hold EVITP certification. One member of each crew may be both the contractor and an EVITP certified electrician.

The requirements stated above do not apply to any of the following:

- 1) Electric vehicle charging infrastructure installed by employees of an electrical corporation or local publicly owned electric utility.
- 2) Electric vehicle charging infrastructure funded by moneys derived from credits generated from the Low Carbon Fuel Standard Program (Subarticle 7 (commencing with Section 95480) of Article 4 of Subchapter 10 of Chapter 1 of Division 3 of Title 17 of the California Code of Regulations).
- 3) Single-family home residential electric vehicle chargers that can use an existing 208/240-volt outlet.

NOTE: If there's a change in contractor at any time during this project, the Applicant must update this form and notify the District immediately.

Prior to performing any electrical vehicle infrastructure or equipment installation work funded or authorized by the project identified above, applicant must check one of the following boxes and complete the required information, as applicable. Please submit the completed EVITP Certification Form to the San Joaquin Valley Air Pollution Control District via one of the following methods:

Email: grants@valleyair.org

Mail: SJVAPCD Grants & Incentives, 1990 E. Gettysburg Ave., Fresno, CA 93726

California Public Utilities Code 740.20 requirements do not apply to the project identified above.

Describe why the requirements do not apply to the project.

California Public Utilities Code 740.20 requirements apply to the project identified above.

Name of Contractor on Site: _____

Contractor's License #: _____

Company Name (as it appears on the California CSLB license): _____

Total Number of state certified general electricians on site: _____

Name(s) of EVITP certified electricians(s) with valid EVITP certifications who worked at all times during work hours on site:

Electrician Name:	EVITP Certification Number:

I certify that the project will comply with all California Public Utilities Code 740.20 requirements and acknowledges that the San Joaquin Valley Air Pollution Control District reserves the right to request proof of EVITP certification, electrician, and contractor information upon request. Failure to provide requested information may result in the cancellation of the funded project.

**San Joaquin Valley Air Pollution Control District
Disclosure of Funds Form**

Identification of Co-Funding

Clean Vehicle Fueling Infrastructure Program

Project Number: _____

To be eligible to receive incentive funding from the San Joaquin Valley Air Pollution Control District (District), you **must** indicate below if you have applied for or received funding from any other sources for this project. You must also indicate if you intend to apply for additional funding from other sources in the future for this project. In addition, you are required to disclose the value of any current financial incentive that directly reduces the project cost including tax credits or deductions or other public financial assistance. Additional funding sources include, but are not limited to, federal, state, and third-party private sources.

For any additional funding that you will receive or have received for this project, please attach copies of letter(s) of financial commitment, copy of agreement(s) or grant award letter(s) that are specific to the proposed project.

Information provided on this form may be shared as required by federal, state, and local laws. Any owner, designee, or other third party who is found to have submitted multiple applications or signed multiple contracts for this same specific project without proper disclosure shall be disqualified from funding for that project from all sources within the control of the District.

NOTE: Applying for or receiving funding from other sources for this project does not necessarily preclude you from applying for or receiving funding from the District.

SECTION 1: Applicant certifies (**please check one**):

- Yes, I **HAVE** applied and/or **WILL APPLY** for funding from other sources for this project. Please list the name of the source and funding amount received or requested. If available, please attach grant award letters for the proposed project from all additional funding sources listed below.

Source:	Funding Amount:
1.	\$
2.	\$
3.	\$

- No, I **HAVE NOT** applied and **WILL NOT** apply for funding from other sources for this project.

SECTION 2: If applicable, please list here any other financial incentives you have received and/or will receive from third-party sources which directly reduce the project cost. Please attach all letters of financial commitment from the third-party sources with the amount identified.

Source:	Financial Incentive Amount:
1.	\$
2.	\$
3.	\$
