## Checklist for Permit Applications:

To avoid unnecessary delays, please review the following checklist before submitting your Authority to Construct/Permit to Operate Application.

Checklist for Complete Applications (include the following)						
1. A signed Authority to Construct/Permit to Operate Application.						
2. Include a site map that identifies the location(s) where the new/modified unit(s) will operate and the approximate property lines. This is required for any proposal for new equipment, an increase in emissions from existing units, or change in location of emission points.						
3. Any applicable supplemental application forms. Supplemental application forms can be found here: <u>http://www.valleyair.org/busind/pto/ptoforms/1ptoformidx.htm</u>						
4. Equipment listing (including a list of electric motors with hp rating).						
5. Include a short project description, including a process flow schematic identifying emission points.						
6. Process parameters (describe throughput, operating schedule, fuel rate, raw materia usage, etc.).						
7. Identify control equipment/technology.						
8. Any additional information required to calculate emissions.						
9. \$87 filing fee for each permit unit. Note: Permit application processing time will be billed at the applicable District hourly labor rate
