1. If this form is to be used as the "Annual Leak Inspection" reporting form; the parts per million value for each item leak-checked should be specified under week 1.
2. Check components applicable for your equipment for vapor and liquid leaks. Add any additional equipment necessary for a complete leak inspection.
3. If a leak is found, it must be repaired immediately or tagged and recorded on the "PERC Leak Service and Repair Log".
4. Retain records for 5 years.
