

D. Scrap Requirements

In addition to the general scrappage requirements listed in Chapter IV.A.14., specific requirements for repower, replacement, and three-way truck transaction projects are shown in Table A.1 below.

Table A.1 Truck Equipment Project Scrap Requirements

Source Category	Equipment Project Option	Additional Requirements
Heavy Duty Diesel Trucks	Option (1) Repower	<ul style="list-style-type: none"> • The local agency shall ensure the impound and transport of the old engine to the licensed dismantler up to 30 calendar days after the new engine is placed into operation. • The licensed dismantler must dismantle and destroy the old engine within 60 calendar days of receipt. The engine destruction must be done in accordance with these Guidelines. • The engine block shall be punctured and destroyed in such a manner to eliminate the possibility of future operation and use of any components. • The licensed dismantler shall provide proof of scrappage to the local agency within 10 calendar days of the destruction of the engine. • The local agency or its designee must provide digital photographs, described below, showing the destruction of the old engine. The local agency must receive these photos within 10 calendar days of the destruction of the engine. • The following digital photos must be taken and labeled for the project file: <ol style="list-style-type: none"> 1. Engine tag with serial number. 2. Destroyed engine block.

Table A.1 Truck Equipment Project Scrap Requirements (cont.)

Source Category	Equipment Project Option	Additional Requirements
Heavy Duty Diesel Trucks	Option (2) Replacement	<p>In addition to the requirements listed above for engine repower projects, replacement projects require:</p> <ul style="list-style-type: none"> • The local agency shall ensure the impound and transport of the old truck(s) to the dismantler up to 30 calendar days after the replacement vehicle is placed into operation. • The licensed dismantler must dismantle and destroy the old truck(s) within 60 calendar days of receipt. The destruction must be done in accordance with these Guidelines. • Sever the old vehicle frame rails to ensure that the vehicle is rendered useless and to prevent repeated use. • The following digital photos must be taken and labeled for the project file: <ol style="list-style-type: none"> 1. Engine tag with serial number. 2. Destroyed engine block either inside or outside truck body. 3. Vehicle identification number (VIN) printed by manufacturer inside cab or from the vehicle's frame rail. 4. Truck view from front angle capturing entire truck, including readable license plate when available. • The equipment owner or licensed dismantler must file a VIN hold with DMV and submit either a REG 488C "Non-Repairable Vehicle Certificate" or REG 42 "Notice to Dismantler" to DMV. Any additional substitute documentation must be verified by ARB to ensure that the scrapped equipment is permanently removed from service. • The licensed dismantler shall provide proof of scrappage and a copy of the form submitted to DMV (REG 488C, REG 42, or substitute documentation as described above) to the local agency within 10 calendar days of the destruction of the vehicle.
	Option (3) Three-Way Truck Transaction	<ul style="list-style-type: none"> • Truck B (old truck) must be scrapped in accordance with the equipment project scrap requirements listed in Option (2).
