Justification for confidential classification (attach additional 8" x 10" sheets if necessary):

NOTE: Materials which are defined in the Clean Air Act as being public records are: ambient air monitoring data, emission data, and any other information other than trade secrets used in evaluating an application for Authority to Construct or Permit to Operate. Such materials CANNOT be classified as confidential. See attachment for definition of trade secrets.

Certification: I, _____ (applicant's signature) hereby certify that the information submitted with this application is to the best of my knowledge true and correct.

DEFINITION OF TRADE SECRETS

Rule 1030, Section 4.2

“Trade secrets are not public records under this section. ‘Trade Secrets,’ as used in this section may include, but are not limited to, any formula, plan, pattern, process, tool, mechanism, compound, procedure, production data, or compilation of information which is not patented, which is known only to certain individuals within a commercial concern who are using it to fabricate, produce, or compound an article of trade or a service having commercial value, and which gives its user an opportunity to obtain a business advantage over competitors, who do not know or use it.”
